# WHY ST. LUCIE COUNTY?

There are many reasons to choose St. Lucie County, Florida as a place to relocate or open your business. The area economy has evolved into a blend of diverse sectors that include manufacturing, aviation, agriculture, tourism, research & development, construction, healthcare, retail, and professional and technical services. Here are just some of the top reasons to choose St. Lucie:

MARKET STRENGTH: St. Lucie County has the requisite location, business environment and workforce to be one of the best performing communities in the nation for the very foreseeable future.

COMPETITIVE BUSINESS COSTS: Florida's stable and highly favorable tax climate provides advantages that make a Florida location profitable for every type of business. The cost of doing business in St. Lucie County is less expensive than many competing locations: facility costs are lower, labor costs are lower, corporate taxes are lower and cost of travel is lower.

AFFORDABLE LIVABILITY: Florida has no state income tax. Additionally, St. Lucie County has a variety of housing options, from mixed-use, to waterfront enclaves, to quaint gated communities -- offering many affordable choices. Unlike our overcrowded neighbors to the north and south, St. Lucie County is a low-density, low-crime, livable community with small-town charm and all the amenities of a large city. St. Lucie County boasts strong educational resources and institutions as well as exceptional healthcare services and facilities. When new residents move here they put down roots quickly and feel as though they've lived here forever.

TALENT RICH: The area economy is a blend of emerging life sciences R&D with traditional manufacturing, agriculture, tourism and services. The County is host to Indian River State College, a nationally recognized institution for excellence and innovation. Also accessible from St. Lucie County are seven major higher educational institutions with more than 150,000 students

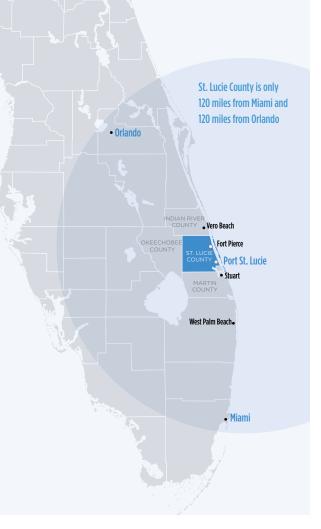

Our strong partnerships with the real estate community give us access to industry-leading intelligence that will help in your relocation decision.

TRANSPORTATION CONNECTIVITY: Direct access to I-95 and Florida's Turnpike, rail access, as well as Treasure Coast International Airport – a general aviation airport with U.S. Customs, and direct global air access through multiple international airports.

**SKILLED WORKFORCE:** St. Lucie County has a diversity of industries and a highly skilled labor force. The County has a population of almost 300,000 and has experienced growth of over 40% since 2000. In April 2016, the County's labor force stood at 131,487, with a regional workforce of nearly 280,000.

The State of Florida is ranked 4th best overall in a favorable tax climate by the Tax Foundation.

# **INCENTIVES**

New or expanding businesses in selected targeted industries or corporate headquarters may be eligible for incentives. For more detail on State incentives eligibility, please visit Enterprise Florida's website www.eflorida.com.

### ST. LUCIF COUNTY

**Job Growth Investment Grant** - St. Lucie County offers this job creating grant for existing and new businesses. The Board of County Commissioners may grant awards in the range of \$1,500 to \$3,000 per new job with a minimum of 10 new jobs created.

Ad Valorem Tax Exemption - The County offers an Ad Valorem Tax Exemption for existing or new business expansions that create new jobs. This exemption is applied to improvements that a business makes to its property such as a new building or equipment purchased in connection with relocating or expanding.

### **Expedited Site Plan Review and Fast Track Permitting -**

Expedited site plan review and fast track permitting is available through the Planning & Development Services Department for proposed new and expanding businesses that will create long-term jobs within the County.

**Impact Fee Mitigation** - Mitigation of County imposed impact fees are also available for targeted industries. This includes reduced and waived fees based upon the number of jobs created, average wage and the amount of the capital investment.

City of Fort Pierce incentives are available to new or expanding businesses identified on the City's targeted industry list that create long term jobs and capital investment within the City. Incentives may include Ad Valorem Tax Exemptions, impact fee waivers, expedited site plan review and fast track permitting. Retail and residential development are not eligible for this process.

City of Port St. Lucie incentives are available to new or expanding existing businesses that are identified on the City's targeted industry list. Such incentives include Ad Valorem Tax Exemption, expedited site plan review and fast track permitting. Retail and residential development are not eligible for this process.

### STATE INCENTIVES

Qualified Target Industry Tax
Refund - Pre-approved applicants
who create jobs in Florida receive
tax refunds of \$3,000 per net new
Florida full-time equivalent job
created.

### **Workforce Training Incentives**

FloridaFlex offers partial reimbursement to relocating or expanding businesses for expenses related to training new or existing employees after jobs have been created or retained and the training has occurred.

Incumbent Worker Training
Program (IWT) -A program that
provides training to currently
employed workers to keep Florida's
workforce competitive in a global
economy and to retain existing
businesses.

### Infrastructure Incentives

Economic Development
Transportation Fund - Commonly referred to as the "Road Fund," is an incentive tool designed to alleviate transportation problems that adversely impact a specific company's location or expansion decision.

The Economic Development Council stands ready to assist with information and incentives eligibility for your relocation and expansions.

### **EDUCATION**

From public and private pre-K through high school, to magnet schools and charter schools, to vocational training and post-secondary education, St. Lucie is ready and able to train and educate the workforce you need for your business and its future growth and success.

Florida's growing public school system is leading the nation in prioritizing and raising student achievement. With a focus on academic excellence and achievement, here are some facts about St. Lucie's Public Schools:

Number of students enrolled for 2015-16	37,000
Graduation rate	75.5%
The number of A- and B-rated traditional public schools. The St. Lucie School District has a B-rating	11
Traditional public schools serving K-8 students	33
Number of high schools	6
Non-traditional schools serving students in elementary through high school	3

Career & Technical Education (CTE) programs offer students the opportunity to achieve industry-recognized certifications, work-based learning experiences, and articulated college credits. CTE helps students gain the technical skills, rigorous academic foundation, and real-world experience needed for post-secondary education and a high-skill, high-wage, high-demand career.

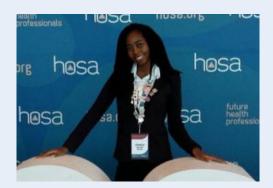

Number of students enrolled in CTE	6,137
Number of certifications	34

We invite you to take a closer look at St. Lucie Public Schools, test scores, school ratings, students' accomplishments and celebrated teachers. www.stlucie.k12.fl.us

# Celebrated student recognition during the 2015-16 academic year

Haniya Shareef, Shreya Reddy and Koushal Rao competed in the 2016 Intel International Science and Engineering Fair along with students representing 77 countries. Rao received third place overall in the category of Biomedical Sciences.

### Centennial High School Graduate Named as Scholarship Recipient

HOSA - Future Health Professionals recently announced the 2016 recipients of the HCA - Philip R. Patton HOSA Scholarship. Jessica Janvier is a 2016 graduate of St. Lucie West Centennial High School as well as a HOSA member representing the Allied Health CNA/EKG program. She was named as one of the 15 scholarship recipients from an applicant pool of over 600.

#### Nineteen CTE academies include:

- 3D Animation
- Agriscience
- Allied Health
- Automotive Service Technology
- Biomedical Science
- · Business & IT
- Culinary Arts
- Carpentry
- Drafting / Technical Design
   Veterinary Assisting
- Finance & Accounting

- Industrial Biotechnology
- International Business
- Manufacturing
- Nursing Assistant
- Oracle Database / Programming
- · Pre-Engineering
- TV Production / Digital Multimedia
- Web Development

### **Attractor Programs**

Each of the County's high schools offer Advanced Placement (AP) courses. These are rigorous courses meeting national college standards. Students may also take Dual Enrollment classes through Indian River State College that allow students to earn college credit that is tuition-free.

- International Baccalaureate (IB) IB is a prestigious pre-university course of study. IB meets the needs of highly motivated and academically-inclined secondary school students. Lincoln Park Academy is one of nine public schools in Florida that offers the IB Program from grades 6-12.
- Marine and Oceanographic Academy (MOA) The MOA program is located on the campus of Florida Atlantic University's world renowned Harbor Branch Oceanographic Institution for students interested in marine biology.
- Aerospace and Engineering Academy This unique program is the result of a partnership with one of the world's oldest, largest and most prestigious universities specializing in aviation and aerospace, Embry Riddle Aeronautical University.
- Agriscience Academy
- Veterinary Science Academy
- Advanced International Certificate of Education (AICE)

For more information on St. Lucie Public Schools Attractor Programs, www.stlucie.k12.fl.us/cte/.

### **Private Schools**

- St. Lucie County is host to 23 private schools serving all grades extending from pre-K to high school
- More than 4,600 students in the area are currently enrolled in these schools
- The average student teacher ratio is 13:1
- · More than two thirds of St. Lucie private schools are religiously based

# MAJOR COLLEGES AND UNIVERSITIES

There are seven major educational institutions with over 150,000 students that are accessible to the region and engage in a wide variety of academic programs.

### **Indian River State College**

is a public, comprehensive college serving Florida's Treasure Coast with campuses in Fort Pierce, Port St. Lucie, Okeechobee, Stuart and Vero Beach. IRSC has earned a national reputation for quality, innovation and responsiveness to community needs, inspiring over 30,000 people to enroll in courses annually.

Every aspect of IRSC is focused on student success with small classes, one-stop student services, convenient campuses and online programs, resulting in the College's designation as a Top Ten Finalist for the prestigious Aspen Prize, ranking as the 9th top public regional college in the South by U.S. News & World Report, and as the

Florida State
University College of
Medicine, located on
IRSC's main campus in
Fort Pierce, provides
third- and fourth-year
clinical training.

"3rd Most Affordable College" in the country by the U.S. Department of Education, with selection as an Achieving the Dream college based on strong commitment to student success.

IRSC offers 150 programs leading to Bachelor's Degrees, Associate Degrees, Technical Certificates and Applied Technology Diplomas. The institution has earned recognition for excellence in education both statewide and nationally and promotes initiatives such as STEM-related education, entrepreneurship, corporate training and free business assistance. Florida State University College of Medicine, located on IRSC's main campus in Fort Pierce, provides third- and fourth- year clinical training through affiliations with local health institutes.

The University of Central Florida in Orlando has over 59,000 students – the second largest university enrollment in North America. Each year UCF graduates over 1,000 engineers in multiple disciplines, over 3,000 business-related majors, and over 600 biology/biomedical majors. The school has strong ties to the aerospace industry with research in areas such as simulation and training, photonics, lasers and optics, materials and nanotechnology, and biomedical sciences.

The Florida Institute of Technology in nearby Melbourne has a primary focus on engineering and selected sciences and supports research in both ocean and aerospace engineering.

Florida Atlantic University has 30,000 students with its main campus in Boca Raton. It operates the renowned Harbor Branch Oceanographic Institution in St. Lucie County. The university is engaged in substantial research related to the marine environment, ocean engineering and the resources and benefits that can be derived from the ocean.

Degrees offered by
Keiser University are
strategically aligned
with the needs of
Florida's and the
global economies.

The University of Miami located in Coral Gables with over 15,000 students has a strong focus on research. U.S. News and World Report have ranked the undergraduate program and Leonard M. Miller School of Medicine in the top 50. The \$350 million research and development budget supports many different areas such as marine and atmospheric sciences as well as the stem cell institute.

The Florida International University is committed to entrepreneurship, innovation and creativity. The public research university prepares its students for a global career. The research facilities available span to all areas of study such as advanced material engineering, geographic information systems and ecotoxicology. Masters and doctoral programs are available in many different areas allowing for advanced education.

For nearly 40 years, **Keiser University** has been a trusted educational resource for Florida's leading industries. With customized and innovative education programs, Keiser University will quickly adapt to meet your unique and evolving employment demands. The degrees offered by Keiser University are strategically aligned with the needs of Florida's and the global economies.

# TRANSPORTATION

 The Florida East Coast Railway also traverses the County and connects to north and south destinations

offering eleven exits.

through its intersection with CSX.

- The rail has the best reliability record in the nation along with being the exclusive rail provider to ports in South Florida.
- There are five international airports throughout the region: Orlando, Melbourne, West Palm Beach, Fort Lauderdale and Miami.
- A general aviation airport, the Treasure Coast International Airport and Business Park, located within foreign trade zone #218, has a primary runway of 6,492 ft. in length, offers both U.S. Customs and Border Patrol on-site, has a manned tower and flight support services.

### HEALTH CARE

St. Lucie County is served by an exceptional array of health care providers including five hospitals as well as a variety of other medical and health related services:

### Lawnwood Regional Medical Center & Heart Institute (part of HCA East Florida)

- A 365-bed acute care hospital, home of the Treasure Coast Level II Trauma Center
- Specialty services include a full range of cardiac care from diagnostics to open-heart surgery, Pediatric Intensive Care Unit, Inpatient Behavioral Health, an Inpatient Physical Rehabilitation Center as well as the only Mazor Robotics Program that provides highly-accurate, minimally-invasive surgery for complex spinal cases.
- A Level III Neonatal Intensive Care Unit and Pediatric ER services for the smallest and the sickest children, providing quality, child-friendly care, close to home.
- Lawnwood is accredited by The Joint Commission and designated at a Top Performer, a Certified Primary Stroke Center and has the only CARF Accreditation on the Treasure Coast.

Martin Health System is a not-for-profit, community-based healthcare organization that offers a wide range of services at Martin Medical Center and Martin Hospital South in Stuart and Tradition Medical Center in Port St. Lucie.

- With 434 beds, the three MHS acute-care hospitals services include cardiac and cancer care, rehabilitation, health and fitness, laboratory and diagnostic imaging services.
- It has received numerous awards and has been accredited by The Joint Commission, one of the most respected accreditations in the world.

More than ten walk-in clinics and urgent care centers, multiple assisted living facilities, Treasure Coast Hospice and nearly 500 physicians and 75 dentists serve St. Lucie County.

#### St. Lucie Medical Center (part of HCA East Florida)

- A 229-bed hospital offering a full range of acute care services, including rehabilitation, obstetrics, inpatient and outpatient surgery and services. Its Orthopedic Center of Excellence is considered one of the best in the country for joint replacement.
- The hospital has a 24/7 senior-friendly emergency room and a fast-track program. SLMC's imaging department provides the latest technology for diagnosis and treatment. Certified specialists staff its comprehensive lymphedema program. The Wound Care Center has experienced doctors and nurses that use the most advanced medical research and technology in all areas of wound management.
- St. Lucie Medical Center is accredited by The Joint Commission and designated at a Top Performer, a Certified Primary Stroke Center and is the only Chest Pain accredited facility on the Treasure Coast

### **Tradition Medical Center** (part of Martin Health System)

- State-of-the-art acute care facility in Port St. Lucie with 90 private rooms. Services include intensive care, labor and delivery, neonatal intensive care, general and specialized surgery, inpatient oncology, diagnostic imaging, MRI, CT, GI/ endoscopy, and laboratory services.
- The emergency department has 27 private beds and features a cutting-edge telemedicine tool, the RP-VITA® robot, that allows specialist physicians to consult on a patient's treatment from a remote location outside of the hospital.
- An inpatient unit is dedicated to patients who need rehabilitation after a major illness or surgery. Services include physical therapy, occupational therapy and speech therapy.
- An infusion suite offers intravenous and intramuscular medications, blood transfusions, platelet transfusion, PICC line care, and provides infusaport care in an outpatient setting.

# QUALITY OF LIFE & AMENITIES

- With an average temperature of 74°F and sunny skies nearly 80% of the time, residents and visitors can enjoy an abundance of environmental, recreational and cultural activities all year long in our tropical, south Florida, coastal community.
- The county is home to the historic City of Fort Pierce, the vibrant City of Port St. Lucie and the breathtaking beaches of Hutchinson Island.
- In an increasingly globalized economy where people have more choices than ever before as to where they will live and work, we believe St. Lucie County is one of the highestquality, most livable and welcoming communities in all of Florida.

# Water, Water Everywhere: Beaches, Parks and Preserves

St. Lucie County's natural resources are enviable, with more than 21 miles of pristine coastline and beaches, more than 20,000 acres of public parks and nature preserves, and miles of rivers and waterways. Whether cruising on a yacht through the Fort Pierce Inlet to the Atlantic Ocean, diving natural and artificial reefs, kayaking or paddle boarding through mangrove tunnels or surfing, there is no shortage of ways to enjoy the water. Our many public marinas and boat ramps provide easy access. Anglers come from the world over to enjoy inshore and offshore fishing from charters at the Fort Pierce City Marina and other local marinas.

### Arts & Culture

St. Lucie takes pride in preserving and promoting the arts. From the Navy SEAL Museum, to the Zora Neale Hurston and A. E. "Beanie" Backus Highwayman museums to botanical gardens and performing arts venues in our historic downtown Fort Pierce, St. Lucie has a wide array of arts and cultural amenities to enjoy.

### Golf

The area boasts more than 20 public and semiprivate courses, with prices ranging from upscale to very affordable, and the great weather allows for play all year round. The PGA Golf Club in Port St. Lucie, ranked among the '75 Best Golf Resorts' by Golf Digest, is a global golf destination.

### Baseball

America's favorite pastime is enjoyed at the state-ofthe-art Tradition Field in Port St. Lucie – the Spring training home of the New York Mets. Minor league baseball is also in full-swing during the summer months, when residents and visitors can enjoy watching the St. Lucie Mets (the high class-A minor league affiliate of the NY Mets) play against other teams.

# CONTACT
